❖ OBJECTIVE

I am Bhawna, a dedicated BCA student at SVN, Barabanki, with a strong interest in programming, software development, and web technologies. I am committed to building a successful career in the IT field.

Passionate about learning new technologies and applying my knowledge to solve real-world challenges.

I aim to contribute meaningfully to projects and organizations while continuously improving my skills.

❖ SKILLS

- Frontend Technologies: HTML, CSS, JavaScript, TailwindCSS, Bootstrap
- Backend Technologies: Node.js, Express.js
- Database System: MongoDB.
- Tools: VS Code, Git, GitHub,

❖ EDUCATION

- Seth Vishambhar Nath Institute of Higher Studies | **BCA** | Barabanki (Feb-2025)
- DSSD Girls Inter College | **12th (PSEB Board)** | Jalandhar (2021)
- DSSD Girls Inter College | **10th (PSEB Board)** | Jalandhar (2019)

❖ PROJECTS

1- Business Incubators - Major Project

Tech Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js), Next.js

Description:

A platform designed to support startups and entrepreneurs by providing resources, mentorship listings, and workspace management tools. The application allows users to browse incubator programs, apply for support, and connect with mentors.

Purpose:

Showcases proficiency in building scalable web applications with user registration, program management, and interactive dashboards—tailored for startup incubation environments.

2- UI/UX Marketplace - Minor Project

- **Tech Stack:** MERN Stack (MongoDB, Express.js, React.js, Node.js), Next.js

Description:

A web-based UI/UX marketplace platform where users can explore, search, and manage digital design assets such as libraries or templates. The interface emphasizes clean design, ease of navigation, and responsiveness across devices.

- **Purpose:**

To demonstrate core skills in full-stack development, dynamic content management, and user experience design for marketplace-style applications.

❖ RELEVANT EXPERIENCE

(WEB DEVELOPER & TRAINER)

Aadityaa Computer's & Digital Hub, Barabanki - Jan 2025 - Apr 2025

- Build a Full Stack Webapp Using MERN Stack at Aadityaa Computer's & Digital Hub.
- Assisting in the development of web-based projects as part of the job.
- Collaborated with teams to create intuitive user experiences and optimize server performance.
- Improved debugging and problem-solving skills by troubleshooting website issues.

❖ HOBBIES

- Programming
- Exploring new technologies and building projects.
- Seeking new opportunities.
- Playing Badminton.
